Botanica SERBICA

42(1) is the second issue of Botanica Serbica dedicated to Prof. Dr. Vladimir Stevanović on the occasion of his 70th birthday. It also marks more than 45 years of his scientific research on the Balkan Peninsula. As explained in the first issue, 41(2), we received a large number of contributions which could not easily be accommodated within a single volume. We thank the authors of the manuscripts for their patience and understanding.
