Notes on above Foundation Members as at 18 July 1939:

Craig, R. E.
Prof. Colman thinks that Mr Craig would be deceased. I have not been able to confirm this. Internal Affairs Dept keep records for only 20 years.

Cowan, Mrs J.
52 Connaught Street, Brooklyn, have not had any reference to her from any foundation members.

Muyer, H.
Mr Lannie gave me his address in Holland. He married a Wellington girl and left for Holland early in the war.

Smith, Mrs J.
252 Valley Road, have not had any reference to her from any foundation members.

W H Field (died December 1944)

He came from a family interested in botany and tramping, his father H. C. Field having written a book on NZ Ferns.

W. H. Field was a barrister & solicitor who farmed in the Waikanae area, and was the Member of Parliament for Otaki for 35 years. Much of the surviving original forest around Waikanae and the Otaki River areas, still stands because of his efforts.

He was one of Wellington Botanical Society's first Vice-Presidents, a role he continued for 3 years, during which time he was very active in the Society's activities.

From 1919-1924 W. H. Field had been the first President of the Tararua Tramping Club, and his tramping interests and parliamentary connections led to the naming of Field Peak and Field Hut.
