AARON P. DAVIS & RAFAEL GOVAERTS

The Herbarium, Royal Botanic Gardens, Kew,
Richmond, Surrey, TW9 3AE, United Kingdom

SUMMARY

In order to provide an accepted name for the later homonym *P. bremekampiana* A.P.Davis & Govaerts we propose a new name in *Psychotria*: *P. andramontaensis* A.P.Davis & Govaerts.

Key words: Psychotrieae, *Mapouria*, *Psychotria*, Madagascar.

INTRODUCTION

In a recent contribution (Davis et al. 2007) we transferred Indian Ocean *Mapouria* Aubl. to *Psychotria* L., making 37 new combinations and 30 new names. Unfortunately, when providing one of the new names, *P. bremekampiana* A.P.Davis & Govaerts, we created a later homonym in error. We hereby correct this matter by providing a new name in *Psychotria*: *P. andramontaensis* A.P.Davis & Govaerts.

Psychotria andramontaensis A.P.Davis & Govaerts, *nom. nov.*

Mapouria discolor Bremek. (1963) 23, non *Psychotria discolor* (Griseb.) Rolfe (1893) 258.

Psychotria bremekampiana A.P.Davis & Govaerts (Davis et al. 2007) 247, non *Psychotria bremekampiana* Steyerm. (1972) 643. — Type: *Humbert, Capuron & Cours 24786* (holo P), Madagascar (Nord-est), massif de l'Anjanaharibe, à l'ouest d'Andapa (haute Andramonta, bassin de la Lokoho), 1800 m.
